SENIOR MANAGER - PROJECTS

Highly accomplished Senior Project Manager with 16+ years of experience in successfully overseeing transmission line projects. Proven track record of delivering projects on time, within budget, and in compliance with industry regulations. Expertise in managing cross-functional teams, developing, and implementing project strategies, and driving operational efficiency. Seeking a challenging position to leverage my skills and contribute to the successful completion of transmission line projects.

CORE SKILLS

Strategic Planning

Budget, Estimation and Cost Control

Client Management

Vendor & Subcontractor Management

MIS (Management Information System)

Resource Management

Project reviews and Risk analysis

Project Forecasting and Monitoring

Multi – Project Management

PROFILE SUMMARY

- Lead and manage the execution of transmission line projects from initiation to closure, ensuring adherence to project plans, schedules, and budgets.
- Develop and maintain project documentation, including project charters, scope statements, risk registers, and communication plans.
- Coordinate with internal and external stakeholders to define project objectives, deliverables, and success criteria.
- Effectively allocate resources, monitor progress, and mitigate risks to ensure project milestones are achieved.
- Oversee procurement activities, including vendor selection, contract negotiation, and ongoing vendor management.
- Collaborate with engineering teams to review and approve design specifications and ensure compliance with industry standards and regulations.
- Conduct regular project status meetings, providing updates to key stakeholders and executive management.
- Foster a collaborative and results-oriented team environment, promoting open communication and knowledge sharing.
- Implement project management best practices and identify process improvements to optimize project delivery.

Abir Infrastructure Pvt Limited

2008-2012(4 years)

- 1) 400 kv quad D/C North Sikkim to Krishnaganj-302 kms-(**Section In charge role for 52 kms**)

Larsen & Toubro Ltd (L&T Construction)

SEP 2012 – Present (12 Years)

Previous Projects worked in LNT Construction

- 1) 400 kv quad D/C Pugalur to Pandiyankuppam(CLIENT-TNEB BOARD)-55 kms-(**Section In charge role**)
- 2) 400 kv quad D/c Mettur to Tiruvalam (CLIENT-TNEB BOARD)-65 kms-(**Section In charge role**)
- 3) 400 kv quad D/C Rasipalayam to Palavadi (CLIENT-TNEB BOARD)-61 kms-(**Section In charge role**)
- 4) 400 kv quad D/C Tirunenveli pooling station to Tuticorin pooling station(CLIENT: PGCIL)-25 kms-(**Played as PM role**)
- 5) 320 kv hvdc Pugalur to Trissur TL-(CLIENT-PGCIL)-138 kms-(**Played as PM role**)
- 6) Construction of 220/400kV Substation and Transmission Lines(40 kms) in Peenya, Rajajinagar area, Bengaluru”, Contract Value: 137Cr\$(**Played as PM Role**)
- 7) Since from Dec 2023 working at cameroon-West Africa , Supply and Installation of 400kV line EDEA-NKOLNKOU MOU-NYOM II- 165 km D/C (West Africa -Cameroon)

Responsibilities:

- Leading & monitoring complex projects and working cross-functionally with various internal groups to determine project scope, requirements, and resources; managing RFPs, and determining best practices while ensuring project activities aligned with business objectives.
- Successfully managed multiple transmission line projects, ranging from 100 Cr to 1200 Cr in scale and complexity.
- Coordinated with cross-functional teams, including engineering, procurement, construction, and regulatory compliance, to ensure seamless project execution.
- Developed and maintained project schedules, identifying critical path activities and managing dependencies to achieve project milestones.
- Monitored project budgets, tracked expenses, and implemented cost control measures to ensure projects remained within financial constraints.
- Led risk assessment and mitigation efforts, proactively identifying potential issues and implementing contingency plans.
- Established and maintained strong relationships with clients, ensuring customer satisfaction and repeat business.
- Conceiving and implementing marketing communication plans that maintained brand consistency, increasing effectiveness, met measurable objectives, and executing customer relationship management strategy
- Managing the delivery, interdependencies, internal and external communications
- Implementing strategy in terms of technology, schedule, target cost, engineering, procurement, subcontracting, construction and pre-commissioning / commissioning and start-up assistance
- Identifying client requirement/technical specifications & playing important role in Project Management, Project Engineering, Project Execution, Procurement & Quality Assurance
- Client Invoicing: Bill submission and follow-up till collection, Monitoring Invoice statement and Outstanding realization.
- Digitally Monitor the project with Digital Tools.

Skills:

- **Project Management Expertise:** I possess exceptional project management skills, with a demonstrated ability to lead large-scale transmission line projects from initiation to completion. I am proficient in creating and executing comprehensive project plans, managing resources effectively, mitigating risks, and ensuring adherence to project schedules.
- **Technical Proficiency:** With a solid foundation in electrical engineering, I possess an in-depth understanding of transmission line systems, including overhead lines, underground cables, substations, and associated equipment. I am familiar with industry standards and regulations, ensuring compliance throughout project execution.
- **Team Leadership:** I excel in building and leading high-performing project teams. I have a proven ability to motivate and inspire team members, fostering a collaborative environment that promotes creativity, accountability, and professional growth. I am skilled in delegation, resource allocation, and conflict resolution, ensuring optimal team performance.
- **Stakeholder Management:** I am adept at establishing and maintaining strong relationships with key stakeholders, including clients, contractors, suppliers, and regulatory authorities. I effectively

communicate project progress, manage expectations, and address concerns promptly, ensuring a seamless flow of information and collaboration.

- **Budgeting and Cost Control:** I have a solid track record of managing project budgets and controlling costs effectively. I am experienced in conducting detailed financial analysis, identifying cost-saving opportunities, and implementing strategies to optimize project expenditures without compromising quality or safety.
- **Quality Assurance and Risk Management:** I prioritize quality and safety throughout all project phases. I have a comprehensive understanding of quality management systems and processes, ensuring adherence to relevant standards. I am skilled in identifying and mitigating project risks, implementing appropriate risk mitigation strategies, and ensuring a proactive approach to safety.
- **Communication and Reporting:** I possess excellent verbal and written communication skills, enabling me to effectively convey complex technical information to both technical and non-technical stakeholders. I am proficient in preparing detailed project reports, progress updates, and executive summaries, facilitating transparent communication and decision-making.
